

**VALENI**  
ECO VILLAGE

*Rustic Art Resort*

*"Back to basics"*

#Heart of Moldova's only UNESCO Biosphere Reserve "Lower Prut"

# The Village of the Moldovan Golden Hills / Grandma on Drums (Eurovision)

# 2023 BEST TOURISM VILLAGES by World Tourism Org. (UNWTO) / Entry to Danube's Delta

*We believe in brave people and beautiful projects, in strong communities, well anchored both in their historical heritage, yet thoroughly in pace with the modern world. We are crazy about the enigmatic charm and awe of rural Moldova.*

Tasting the sublime cuisine and the ruby wine of Southern Moldova in our bijou family winery; immersing in adventure tourism (boat trip, kayaking, bicycling to / from Lake Beleu / The Golden Hills of Văleni), fishing sports in our pond; or simply admiring a campfire under the starry Valeni night sky and spending the evening in one of our 4 rustic cottages (decorated as outdoor museums - "living culture"),

Eco-Village Văleni brings the Lower Prut summer nights' magic for the entire family.

Escape the turmoil of the city and discover the gaze and spectacle of such unsophisticated, yet complex world.

We have already done so.

## The S(oul) in Busines(S):

Established at the beginning of 2014 in the newly created Lower Prut UNESCO Biosphere Reserve Lunca Prutului, Eco-Village Văleni is a local social business, focused on the development of rural, cultural, wine tourism and ecotourism in the area.

*We set out with a burning desire to create an objective of national and international interest – becoming by our own example and the good practices we implement, a catalyst for rural development in the region.*

*Mihaela Știrbet*

Art Director & CFO

*Ilie Știrbet*

Maestru Oenolog  
Chief Wine Officer

*Maya*

Protecția Perimetrului  
Chief Security Officer

Starting from the idea of a traditional museum, the complex later developed eco accommodation capacities (**agropension & rustic cottages**), a **rustic restaurant** (D'or Restaurant) and a **small family winery** (Corbu Winery) in order to offer our guests **the best Moldova has to offer**. We also organize fairs of the local craftsmen, becoming one of the few places in the southern region where they can sell their products for a fair price to the foreign tourists we bring from the Danube Cruise Ships; as well as we are **actively involved in various local development projects** through A.O. Ecoscut (the affiliated NGO).

Our efforts in developing the local eco-touristic capacities were recognised both by national authorities and international institutions being named the **"2020 Green and Socially Responsible SME of the Year"** (UNDP Moldova & ODIMM), as well as by renowned magazines **"Forbes 30 under 30"** (Forbes Magazine Romania) ; however, our proudest achievement is to observe how Văleni turns into **one of the most promising touristic hubs in Moldova**, recently also recognised by the World Tourism Organisation (UNWTO) as **"BEST TOURISM VILLAGES"**, the most prestigious global award for eco-tourism. 🏆

# VALENI

ECO VILLAGE

*Rustic Art Resort*

## REZERVAȚIA NATURALĂ "PRUTUL DE JOS"

LOWER PRUT Nature Reserve

www.moldova.travel

### FONDATAȚIA: 1991

prin Hotărârea Guvernului nr. 209 din 23 aprilie  
ESTABLISHED IN 1991 by the Government Decision  
No.209 of April 23rd.

### STRUCTURA

- Lacul Beleu, are o vârstă de 5-6 mii de ani, cu o suprafață de 628 ha, 2x5 km, adâncimea medie - 0,5 - 1 m și este un relict al limanului Dunării;
- Pășuni - 124 ha; păduri - 370,4 ha;
- Lunca inundabilă - 610 ha;
- Alte terenuri - 23 ha.

Lacul Beleu și lunca inundabilă din preajmă sunt populate de 206 specii de păsări. Dintre care 44 sunt rare, luate sub protecție pe plan național și internațional: comoran mic (*Phalacrocorax pygmaeus*), egretă mare (*Egretta alba*), herza neagră (*Ciconia nigra*), stârc galben (*Ardeola ralloides*), lopătar (*Platalea leucorodia*), pelican comun (*Pelicanus oncorhynchos*), țigănușul (*Plegadis falcinellus*) ș.a. Beleu Lake and the floodplain are populated by 206 species of birds. Of them, 44 are rare species, protected nationally and internationally, such as: pygmy cormorant (*Phalacrocorax pygmaeus*), great egret (*Egretta alba*), black stork (*Ciconia nigra*), squaw heron (*Ardeola ralloides*), Eurasian spoonbill (*Platalea leucorodia*), great white pelican (*Pelicanus oncorhynchos*), glossy ibis (*Plegadis falcinellus*) etc.

Ictiofauna complexului acvatic se caracterizează cu peste 32 specii de pești (carp, caras, știucă, pălău, somn, văduviță, plăcintă ș.a.). Specii rare: saboia (*Petecus cultus*), bibanul-soare (*Lepomis gibbosus*), țigănușul (*Umbra krameri*), zătar (*Zingel zingel*) ș.a.

Ictiofauna of the lake is represented by over 32 fish species (carp, crucian carp, pike, white catfish, ide, common bream etc.). Rare species: smelt (*Petecus cultus*), sunfish (*Lepomis gibbosus*), European mudminnow (*Umbra krameri*), common zingel (*Zingel zingel*) etc.

Vegetația în cea mai mare parte este prezentată de desigurile de stuf, sălciori, precum și de un covor bogat de plante de apă de luncă inundabilă (papura, pipirigul, pluta, crinul-de-baltă, săgeata apei, lîmția, în total 312 specii de plante). Specii incluse în Cartea Roșie: nuflă albă (*Nymphaea alba*), peștișoara (*Sagittaria natans*), cornac-natant (*Tropaea natans*), viș-de-plădure (*Vicia sylvatica*). The vegetation is mainly represented by the reed, willow, as well as a rich carpet of pondweed within the flooded lands (cattail, variegated horsetail, frogged water-lily, flowering rush, arrowhead, duckweed, 32 plant species in total). Species included in the Red Book: white water-lily (*Nymphaea alba*), floating fern (*Caballera natans*), water chestnut (*Tropaea natans*), wild grape vine (*Vicia sylvatica*).
